

Point-of-Care Partner's Interoperability Outlook Service

Who is Point-of-Care Partners?

We are THE Nation's Leading Data Standards and Interoperability Consultants

- A **National consultancy** since 2002 (35+ states, 110+ Associates) focusing on healthcare Interoperability across the Payer, Delivery, Health IT Vendor, HIE, Government, and Pharma ecosystem
- Engaged with **Standards bodies and Accelerators** across the Interoperability spectrum, including HL7, HIMSS, DaVinci, CARIN, NCPDP, and numerous others
- We possess a comprehensive staff of widely respected national experts, with most Associates having > **15-20 years** experience in the Interoperability field
- The Program Managers for the **DaVinci HL7 FHIR Accelerator Program**, the Nation's leading and largest FHIR program
- POCP is a **Virtual Consultancy** model at our core, able to manage wide-scale projects with minimal on-site requirements.
- Leading subject experts who have been involved in or run projects such as:
 - The launch and growth of numerous HIEs
 - Strategy and Development of ePrescribing and Prior Authorization standards and functionality
 - Deep engagement with stakeholders for standards, strategy, and functionality

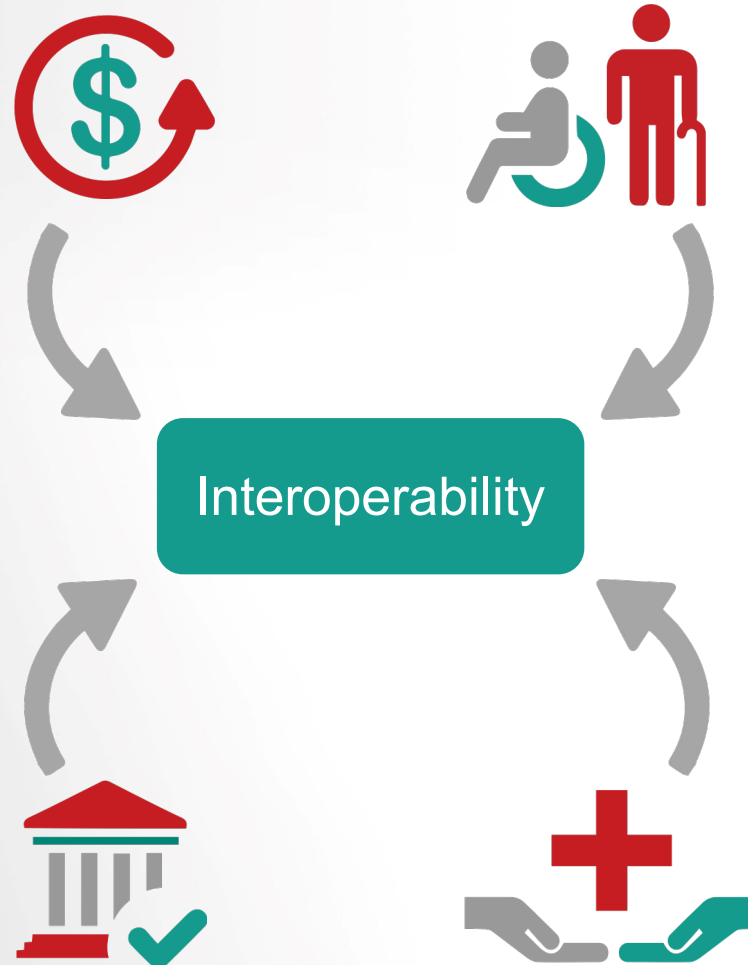

Interoperability Drivers

Shift to Value-Based Care

- Focus on outcomes
- Innovation in business models and use of technology
- Shared Upside/Downside between payers/providers

Regulatory Requirements

- Data Sharing
- Coverage Portability
- Price Transparency
- Ensure privacy and security

Consumer Demand

- Ease of Access
- Clear understanding of benefit and coverage
- Ability to see cost/quality data
- Patients Manage own data
- Ensure privacy and security

Quality and Safety

- Improve information and attestation in workflow
- Follow agreed upon best practices
- Unlock payer data to care givers

Benefits of Interoperability

Lower Cost of Care

Increased Care Coordination

Greater Consumer Engagement and Shared Decision Making

Improved Consumer Experience

Better Patient Outcomes

Improved Quality and Safety

Greater Operational Efficiencies

Tools and Organizations Driving Interoperability

Policy and Regulation

- Centers for Medicaid and Medicare Services (CMS);
- The Office of The National Coordinator for Health Information Technology (ONC)
- National Centers for Vital Health Statistics
- Health IT Advisory Committee
- WEDI (HHS Advisor to Harmonize Health IT)

Standards and Implementation Guidance

- Standard Development Organizations; Health Level Seven (HL7), X12, NCPDP
- Terminology/Code Sets; ICD, SNOWMED
- Appointed coordination and oversight organizations; CAQH & CAQH Core, WEDI

Engaging and Influencing

- Associations ie. AMA, AHA, AAFP, BCBSA, Leavitt Partners, EHRA, AHIMA, HIMSS
- Industry Projects: Commonwell, Sequoia
- HL7 FHIR Accelerators ie. Da Vinci, CodeX, CARIN, GRAVITY
- Individual Organizations

Standards Driving Next Wave of Innovation

- Rise of APIs
 - FHIR built for purpose
 - ONC FAST
 - Role of Implementation Guide and Tooling
- Now 5 Accelerators and more collaborations appearing monthly
 - SDOH
 - VBC
 - Consumers
 - Cancer Burden Reduction
 - Pharma Research
- Convergence of clinical and administrative data
 - USCDI
 - TEFCA & QHINs
 - Tradition players shifting WEDI/CAQH/X12/NCPDP evolution and role in API community
 - ICAD Taskforce

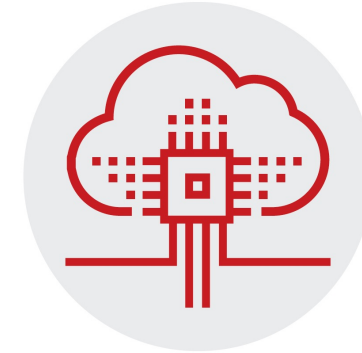

Organizations with focus, maturity or growing competencies are now poised to come through transformation faster and more nimble

Interoperability Outlook

Stay on top of the rapidly changing interoperability landscape by subscribing to POCP's Interoperability Outlook. Our team monitors, tracks and analyzes the bustling interoperability ecosystem so you don't have to:

- Annual subscriptions include the following:
 - Quarterly Reports with updates and analysis
 - Federal activity
 - Standards highlights
 - Multi-Stakeholder Collaboratives progress
 - Key industry news
 - Quarterly lunch and learns
 - Expert consultants provide an overview of that quarter's report, highlight key areas of interest and take questions
 - Analysis of what this information could mean for your organization
 - 3 hours quarterly consultant time for questions/discussion
